Date: 26/03/2025

We are pleased to inform you that a **Sensitization Programme on Gender-Sensitive Climate Solutions for a Sustainable Future** will be held on **9 April, 2025**. This programme aims to raise awareness about the critical connection between gender equality and climate action, emphasizing the importance of incorporating gender-sensitive approaches in building sustainable solutions for climate change. The session will provide insights into how climate change disproportionately affects different genders and explore ways to create more inclusive and equitable climate solutions.

We encourage all students to attend this important session and engage in discussions on how we can contribute to a sustainable, gender-inclusive future.
