The emblem of K.R. Mangalam University is the symbolic representation of the enlightenment of spirit and empowering the youth with global values and beliefs. The flame represents the passion and burning desire for acquisition of knowledge and the torch, an everlasting pendant to achieve leadership. The human elements holding the torch reflect a value system that respects humanity as a whole and treats the world as a close-knit network. The convocation cap signifies accomplishment while the trophy represents achievements. The ultimate destination of any academic pursuit being success, the emblem embodies the spirit in its design principle. The emblem incorporates all the elements together to make the institution what it is today. The classic contrasting theme of RED and BLUE, used by the brand officially indicates the stark contrast in the approach of the brand. While the warm toned red colour signifies the powerful, impactful and bold approach towards excellence and success, the cool toned blue is subjected to tranquil and calm environment they strive to provide at KRMU.

VALUES

We groom future leaders through the KASAM model and encourage them to make the world a better place to live and sustain.

The K.R. Mangalam legacy, encompassing a distinguished group of educational institutions including schools and the university, is a testament to our enduring commitment to academic excellence and innovation. Our journey began with the establishment of our first school, marking the genesis of a vision to redefine educational standards. Since then, each institution under the K.R. Mangalam umbrella has been a milestone in our quest for educational excellence.

Throughout our history, the K.R. Mangalam Group has been at the forefront of educational innovation, constantly evolving to meet the needs of a changing world. Our institutions are more than just places of learning; they are cradles of intellectual and personal growth, where students are encouraged to explore, innovate, and excel.

ARDS EXCELLENCE

The next-generation institution offers a myriad of Undergraduate, Postgraduate and Doctoral Degree programmes across multiple disciplines, under the mentorship of highly qualified faculties.

K.R. Mangalam University proactively organises seminars, industrial visits, experts lectures, internships, symposiums, campaigns and many more activities, providing students with a 360° exposure to various trends, helping them build diverse viewpoints. Along with advanced learning, the university gives paramount importance to co-curricular activities such as vibrant festival celebrations, social responsibility activities, tech training, research and many more activities. Recognised for its virtues of quality, equality, inclusiveness, sustainability, and professional ethics, KRMU is synonymous to academic excellence and innovation.

PRIDE IN EDUCATION EXCELLENCE: CONVOCATION 2024

"Technical education and innovation are the cornerstones of progress in today's world."
- Hon'ble Governor of Haryana, Shri Bandaru Dattatraya

STUDENT-CENTRIC PEDAGOGY & EXPERIENTIAL LEARNING

PEDAGOGY AND LEARNING EXPERIENCE

The pedagogy of teaching is student centric and provides outcome-based education to the students. The attainment level of the students is calculated by aligning course outcomes with programme outcomes and strategies are developed to enhance attainment level of students. The current syllabus enhances communications and presentation skills, teamwork, innovation, problem-solving approach, planning and organisation, self-management and provides holistic education and lifelong learning skills over and above the professional knowledge & skills in a given discipline.

TEACHING- LEARNING PROCESS

Student centric methods, such as experiential learning, participative learning and problem- solving methodologies are used for enhancing learning experience and teachers use ICT-enabled tools, including online resources for effective teaching and learning process

The university is committed to creating a learning-centered environment for students to encourage participation, develop critical thinking, and the development of doing abilities. Continuous efforts are made to improve overall learning, which are aided by the widespread use of ICT-enabled tools and other online sources.

EXPERIENTIAL LEARNING

The University's Educational Philosophy's primary principle is experiential learning. Students are engaged through practical activities, moving beyond conventional classroom lectures. Students acquire practical information and abilities beyond the realm of the textbooks by implementing "Learning by Doing," "Activity-based Learning," and "Project-driven Learning" into their curriculum framework.

- KRMU offers hands-on learning opportunities through practical labs, workshops, internships, social projects, field projects and industry collaborations. These experiences allow students to apply theoretical knowledge in real world contexts, fostering deeper understanding and skill development.
- The university organises workshops and field trip and encourages students to work on case studies and projects that engage them in active exploration and experimentation, promoting

experiential learning across various disciplines.

- Activities such as laboratory sessions/hands on training, trial advocacy, Moot Court sessions, Legal counselling, pharmaceutical detailing, public awareness on various diseases and their possible treatment/prevention strategies etc. are also included to provide students with diverse learning.

PARTICIPATIVE LEARNING

KRMU promotes participative learning by fostering a collaborative learning environment where students actively engage with course material and interact with peers and instructors.

- The university organises group discussions, debates, seminars, and student-led presentations to encourage dialogue, critical thinking, and knowledge sharing among students.
- With the help of group projects, team-based activities, and peer-to-peer mentoring to facilitate collaborative learning experiences, KRMU promotes deeper understanding and teamwork skills.
- The university provides students with exposure to acquire knowledge and assimilate new skills is the purpose of involving them in activities like paper presentations and publication in conferences and journals.
- As part of participatory learning, students organise and participate in technical fests, fashion exhibitions, contests, educational games, extempore, and many more.

PROBLEM-SOLVING LEARNING

By applying problem-solving methodologies to its curriculum and extracurricular activities, K.R. Mangalam University prepares students to tackle complex issues effectively for curricular excellence.

- The university encourages students to apply critical thinking, analytical skills, and creativity to develop innovative solutions to complex problems such as developing mobile apps for cafeteria management to addressing environmental concerns; students engage in hands-on experiences that cultivate problem-solving skills.
- KRMU offers various courses, workshops, and seminars focused on problem-solving skills, providing students with the tools and

strategies needed to tackle diverse challenges in their academic and professional endeavours.

USE OF ICT-ENABLED TOOLS

- KRMU promotes blended and flipped learning models by combining classroom teaching with digital resources, recorded lectures, and online discussion forums to enable flexible, self-paced, and continuous learning.
- KRMU integrates LMS and digital collaboration tools to facilitate communication, content delivery, assessment, and feedback between students and instructors.
- The university encourages faculty members to incorporate multimedia presentations, interactive simulations, online quizzes, and virtual labs into their teaching methods to enhance engagement and learning outcomes.

OUR ACCLAIMED FACULTY

We are proud to have handpicked faculties that give focused direction to our students. Our faculty members are among the most qualified in the region with many years of academic and practical experience in their areas of expertise. Our faculty have been chosen not only for their excellence in teaching but also for their interest in working closely with the students.

They are highly motivated through a clear performance management process and take pride in the energy and enthusiasm they bring to each lecture.

There is a conscious and continuous effort by the University to widen its faculty base and add greater variety and depth to the scope of teaching. We have empaneled some of the most

respected academicians and industry experts. Sharing firsthand knowledge, they strive not only to provide students with the best study material, but also put their talent to the practical test, time and again. Consistently exceeding expectations, they strive to create new and innovative ways to enhance the quality of education.

Our faculty is engaged in a wide variety of activities besides substantial academic and research commitments. Faculty members are encouraged to interact with peer groups by participating in education programmes and international conferences. Faculty involvement in academic, research and consultation activities leads to a significant output of publications in leading national and international journals.

The faculty employs a wide range of teaching methods to create a varied and holistic learning environment. These include structured lectures, seminars, workshops, case studies, hands-on computer work, project assignments, role plays and business simulations.

NATIONAL EDUCATION POLICY (NEP) IMPLEMENTATION

K.R. Mangalam University has adapted its practices and curriculum to align with the National Education Policy 2020 (NEP 2020) objectives. The key focus is on promoting holistic development, interdisciplinary learning, and practical skills acquisition. The aim is to enhance students' intellectual, artistic, social, physical, emotional, and moral capacities. To comply with the goals of the National Education Policy, KRMU has modified its procedures and curriculum. The University, in its resolute commitment to NEP implementation, has established an NEP Committee for Phased Implementation. As a testament to this commitment, the university has converted three-year undergraduate programmes into four-year programmes, offering multiple entry and multiple exit options, starting from the academic session 2023-24. Interdisciplinary courses are offered in all programmes, and students are encouraged to select from open interdisciplinary/multi-disciplinary electives. All students are registered on the Academic Bank of Credits portal to facilitate multiple entry and multiple exit options.

Moreover, KRMU has introduced a more flexible and integrated approach to education by incorporating a blend of theoretical knowledge and practical application. The university's curriculum is designed to foster critical thinking, creativity, and problem-solving skills, preparing students for real-world challenges. This approach not only aligns with the NEP's vision of a more holistic and skill-oriented education system but also ensures that students are well-equipped to meet the demands of the rapidly evolving job market. The university also emphasises the importance of research and innovation. To this end, KRMU has established various research centers and innovation hubs that encourage students and faculty to engage in cutting-edge research projects. These initiatives aim to cultivate a research-oriented mindset among students, promoting a culture of inquiry and exploration. In addition to academic and research endeavors, KRMU places a strong emphasis on extracurricular activities and overall well-being. The university offers a wide range of clubs and societies that

cater to diverse interests, from sports and arts to community service and entrepreneurship. These activities are designed to nurture students' talents and interests, fostering a well-rounded development that goes beyond academics.

Furthermore, KRMU's commitment to NEP 2020 extends to its Faculty Development Programmes. The university regularly conducts workshops, seminars, and training sessions to keep its faculty updated with the latest teaching methodologies and industry trends. This ensures that the educators are well-equipped to deliver high-quality education and mentor students effectively. Also, K.R. Mangalam University's adaptation of its practices and curriculum to align with the National Education Policy 2020 reflects its dedication to providing a holistic and interdisciplinary education. By fostering intellectual, artistic, social, physical, emotional, and moral development, the university aims to produce well-rounded individuals ready to contribute positively to society. The implementation of NEP 2020 at KRMU marks a significant step towards transforming higher education in India, making it more inclusive, flexible, and aligned with global standards.

DESIGN THINKING LAB: OUR KEY TO CULTIVATE INNOVATION

The Design Thinking Lab serves as a dynamic hub where stakeholders come together to explore, innovate, and solve real-world problems using design thinking principles.

KEY ROLES

- **Experiential Learning Environment:** Design Thinking Labs provide students with hands-on experience in applying design thinking methodologies to solve complex problems. Through practical exercises, projects, and workshops, students develop critical thinking, collaboration, and problem-solving skills.
- **Interdisciplinary Collaboration:** Collaboration across disciplines fosters a holistic approach to problem-solving and encourages innovative thinking by incorporating different perspectives.
- **Real-World Problem Solving:** Design Thinking Labs typically engage with real-world challenges posed by industry partners, community organisations, or societal issues. By working on these projects, students gain practical experience and contribute to meaningful solutions that have tangible impact beyond the classroom.
- **Innovation Incubator:** Design Thinking Labs serve as incubators for innovation and entrepreneurship. It provides support and resources for students to develop and prototype new ideas, products, or services, promoting a culture of innovation and creativity.

BHARTIYA GYAN VITHIKA

Introduction

The Indian Knowledge Systems (IKS) initiative at K.R. Mangalam University embodies the University's deep commitment to preserving and propagating India's civilisational wisdom through modern education.

In alignment with the National Education Policy (NEP 2020), KRMU seeks to integrate India's indigenous knowledge, values and scientific traditions across all disciplines — merging the ancient with the contemporary to promote holistic learning, innovation and sustainability.

The University recognises that Indian Knowledge Systems are not confined to history or philosophy; they are living frameworks that continue to shape health sciences, design, ecology, architecture, agriculture, governance and pedagogy.

Bhartiya Gyan Vithika

Celebrating India's Knowledge Legacy

"Preserving the wisdom of the past, empowering the minds of the present and inspiring the visionaries of the future."

Bhartiya Gyan Vithika, an initiative by K.R.

Mangalam University, is a unique gallery dedicated to the Indian Knowledge System (IKS). This space bridges ancient wisdom with modern innovation, offering a platform for interdisciplinary learning through thematic exhibitions, expert lectures and workshops.

SPECIALISED CELLS

K.R. Mangalam University boasts of a dynamic set of students who aspire to make it big in the consulting industry. Cells@ KRMU is an “of the students, by the university, for the students” type of diverse and inclusive platform which brings an array of opportunities for students to explore and enhance their talents and strengths. The forum enables an understanding of consulting and stratagem, while also helping clients resolve their business glitches or identifying prospects for expansion and improvements at the same time. We achieve these goals by providing KASAM (Knowledge, Attitude, Skills, Ambition and Moral Values) approach to our members.

Vision

The panoramic vision includes a strong building and growing of the Consulting Club by utilising the potential of students in attracting top personnel from

coveted consulting firms to the campus through awareness, skill-building, and active networking.

Mission

Our overall mission spans a creation of awareness and generation of interest in the consulting realm among all students who aspire to propel their career in this domain. The forums shall serve as a nucleus to create and maintain long lasting and lucrative relationships with the best and approachable consulting firms. It shall also make all relevant resources available to promote a sense of competency and confidence among the students & support them through every step of the recruitment process at KRMU.
